Six bedrooms, infinite sky, and Ibiza's most legendary sunsets

Perched in the hills above San Agustín, Villa Eliana commands one of the island's most expansive outlooks — rolling countryside giving way to a glittering coastline, with the superyacht-dotted marina visible in the middle distance and the western horizon ablaze each evening as the sun drops into the sea.

The architecture is deliberately spare: clean lines, floor-to-ceiling glass, and a palette of pale stone and white that keeps the eye moving outward rather than inward. Six bedrooms are arranged across generous living spaces where the lounge opens directly onto a private balcony and pool deck, making the transition between inside and outside feel almost invisible.

Natural light floods every room from morning onwards. San José is a few minutes by car, Ibiza Town and the airport are easily reached, and yet up here the silence feels absolute. Pour something cold, find a chair on the deck, and watch the sky turn copper.
