Perfectly formed for a small family or two couples

Perfectly formed for a small family or two couples, this beautiful villa offers surprisingly spacious living space in which to stretch out and enjoy the Ibizan sun. It is perfectly positioned too; just a ten-minute stroll from the white sands of Talamanca beach and a five-minute drive from the sights and sound of Ibiza Town. Even closer are the bars and restaurants of Marina Botafoch.

Relax in a lounge by the gently shelving turquoise pool, surrounded by lush tropical planting while the sun blazes overhead. Or perhaps you prefer to pull up a wooden deckchair under the heady shade of sprawling pink bougainvillea. Inside the walls of this pretty villa, a bright, airy interior offers respite from the midday sun. The open plan lounge, dining room, and kitchen create a space perfect for entertaining. Choose to dine inside or out either way you have a dining table seating up to six.

Alongside the interior dining table, creamy upholstery and an open fireplace create a cozy living space that feels generously spacious for a villa of this size.

Both double bedrooms continue the bright, white, airy feel and both have separate bathrooms.
